

Guided Study Hall
Pine Creek High School

Parents/Guardians:

Guided Study Hall (GSH) is one of Pine Creek's interventions for students who are struggling academically. This class helps students to build self-advocacy skills, academic behaviors, and provides a supportive learning environment.

GSH is not an average study hall. It is a very structured environment that ensures appropriate and timely feedback to students on their grades, has Emerging Leaders student tutors present, and encourages students to develop skills necessary to succeed in high school.

Students who have struggled academically in middle school, receiving grades below Cs on a regular basis, and also struggle with self-advocacy skills are excellent candidates for this class.

If you have any further questions or would like information please contact *Melony Black, Academic Support Coordinator*, or a member of the *Counseling staff*.

Thank you,

Melony Black, GSH teacher and Academic Suppt. Coor.

Rhoda Heeney, GSH teacher
