* Same premium rates as the current year's HMO plan

Trying to decide if you would like to make a change to the new KP Select 2 HMO?

In order to see if your doctor is in the narrower network, go to www.kp.org,

- Click “Find a Doctor” icon in the middle of the screen just under the sign in box,
- Choose an area: **COLORADO - SOUTHERN COLORADO**
- Zip Code or City: **(YOUR CHOICE)**
- Within: **(DEFAULTS TO 10 MILES - YOUR CHOICE)**
- Hospital, Specialty, Doctor’s name or Keyword: **(YOUR CHOICE) - OR YOU CAN LEAVE IT BLANK AND IT WILL SHOW ALL DOCTORS IN THE MILE RADIUS YOU CHOOSE.** Search

*If you chose a doctor’s name and it comes up with the doctor, you’ll need to check which PLAN NETWORKS that they are a part of.

*If you are in a KP Select plan and it doesn’t say “KP Select”, they are not in network for you.

*If you chose a doctor’s name and it shows the message “No results for the following criteria”, you may need to widen your search mileage or the doctor is not in Kaiser’s network at all.

*If you left the doctor’s name blank and see a list of doctors, make sure to look at the PLAN NETWORKS in which they participate, or you can filter on either HMO or KP Select by choosing your plan option under the “Health Plan” tab at the top right on the screen.

*There are other filters you may also choose: Gender, Language and Hospital Affiliation.

*In the large gray box, there is also a link to view/print the provider directory for KP Select plans.
